A fat grocery keeper went to Trenton last Tuesday, and ate a hearty dinner at Roger's barbecue at the depot, and while in the court room that afternoon he fell asleep, and snored so loudly, that the judge ordered him to be put out. Dave did you drink any beer at the barbecue.

The man who keeps his arms run up to his elbows in his breeches pockets in crop-time, and complains that it is mighty hard for a poor man to make a living, ought to be relegated to his boyhood days of three-cornered breeches and be allowed to grow up again with the country.—EX.

Judge Buchanan, lawyer, Toledo, says:—"One of Prof. Guilmette's French Kidney Pads cured me of lumbago and kidney disease in three weeks time. My case was given up by the best physicians in the West. We take the leading Medical Review, and find Mr. Brandon's advertisement of the French Kidney Pads in the issue of the 1st of May. I have been suffering from lumbago and kidney disease for several years. I have tried many remedies, but have not been able to get any relief. I have been told that the French Kidney Pads are the best remedy for this disease. I have bought a box of them, and have used them for several days. I feel much better now, and I hope to be cured soon. I will write you again when I have more news to send you. I am, Sir, very respectfully,

If you are troubled with fever and ague, dumb ague, bilious fever, jaundice, dyspepsia, or any other disease of the liver, blood and stomach, and wish to get well, try the new remedy, Prof. Guilmette's French Liver Pad. Ask your druggist for it, and take, no other, and if he has not got it send 150 in a letter to the French Pad Co., Toledo, O., and receive one by return mail.

One of Milan's young men went to see his sweetheart one night last week, and came out at nine o'clock without telling the lady good night, and slammed the gate and broke off a piling. He should not get in such a rage, as a tall young gentleman came by next day and stamped his toe, and the consequence is that he is badly crippled. What does the P. mean anyhow, will he call and explain.

There will be an excursion over the L. & N. R. R. from the different stations to Austin, Texas, on May 14, 15 and 16th. The Cumberland Presbyterians have a convention in that city, and we advise all who wish to attend, for pleasure or home seekers, to take this trip. The fare for round trip to Austin, and return from McKenzie \$36.50; from Milan \$35.55, from Humboldt \$35.00. Tickets good to return on in 30 days.

Our sanctum was graced by a levy of fair ladies last Monday, namely: Miss Sarah Boswell and Mesdames DeShong, Robinson, Peeler and Weaver. They authorized us to announce that the ladies of the Baptist church in Russellville will give a strawberry festival and supper, on Friday night, May 13th, for the benefit of the church. This will be the first strawberry festival of the season and doubtless will be well attended. The festival will be at the Masonic building—Russellville Democrat.

The strawberry and ice cream supper given by the ladies of the Episcopal church last Friday night at the Southern Pacific Hotel, was a decided success. The ladies deserve much reward in the energy and vim they showed in getting up this delightful treat. The ice cream and cake could not be beat on anywhere. They did not serve strawberries, on account of them being spoiled when they arrived. Everybody enjoyed themselves highly and say, it was one of the most delightful evenings they had spent anywhere. The proceeds netted the handsome sum of \$75.00. We hope they will give another supper soon.

The following very decided compliment to Eld. J. P. Weaver, pastor of the Baptist church in this city, we clip from the Immigrant of yesterday:—"In his sermon at the Baptist church last Sunday the Rev. Mr. Weaver began by announcing that this is a day of white-washing; that the newspapers often take up the most ordinary and corrupt man and by misrepresentations and false reports lead the people to believe that in his excellence he is something wonderful. We can certify to the correctness of Mr. Weaver's statement, and he said many things which were well and forcibly. He is a splendid preacher."—Dardanelle Arkansian.

We would bring to the notice of our friends as the season approaches for the return of the dreaded disorder of "chills and fever," a remedy which comes to us with highest recommendations of merit; we refer to "Hughes' Tonic." It is prepared by Messrs. R. A. Robinson & Co., Louisville, Ky., and is composed of such ingredients as will often give relief; when combined they are almost sure to prove a certain cure; the many favorable results bear testimony to this opinion, and the remedy is steadily growing in favor. We advise you to get it once and make a trial of it.

Pearce Bros. have made another change in their advertisement, and we invite all to read it. This time they are advertising their heavy hardware. Now, if any of our readers wish anything in the hardware line, be sure and call on Pearce Bros. before purchasing elsewhere. They are agents for the celebrated Champion Reapers and Mowers. It is useless for us to praise these fine agricultural implements, for all the farmers far and near, know their real worth, and that they are indispensable to the grass growers. Every farmer should have one of these implements, and we advise you to call on Pearce Bros., Milan, Tenn., and buy one.

We clip the following from the Clarksville Tobacco Leaf. It will be remembered that Mr. Brandon was for a long time connected with the EXCHANGE, and his many friends here wish him success in his new line of business. "Mr. W. O. Brandon was one of our most welcome visitors this week. Mr. Brandon's headquarters are now in Louisville. He has engaged as commercial traveler for Bradley, Gilbert & Malloy, of that city, one of the most extensive blank book companies in the West. The following short snail was found by the editor near one of Milan's beauties' home. We suppose it is from a young druggist, formerly of this place, but now of Trezevant.

TREZEVANT, May 1th, '81.

My Dear Kid:—
The times are hard, money so scarce, cotton crop short, the chickens have the snivel, and the drugs are not selling fast, and I don't feel very well, and I don't feel like hitching up in double harness with you until the people begin to get sick, so I can sell more drugs.

Yours lovingly, M. C. R.

Another Fire at Trenton.

The livery stable of Mr. Arch McDearman and the saloon of Jones was burned in Trenton last Sunday evening. All the horses and buggies, and the fixtures of the saloon was saved. The fire was supposed to have caught from some matches that were carried between the walls by rats.

Baird Street.

The street recently opened by the kindness of W. C. Turner and M. L. Baird, is Baird street and not College street, as you state in your issue of this date. This street was opened several years since from the cotton compress to College street, and named in honor of M. Baird. Now, these gentlemen have kindly extended this (Baird) street south to Collins street, for which they deserve the thanks of the people of Milan.

Burglary.

The watchful eye of Marshal Lusk was on the alert again last Saturday night, and he jugged Dave O'Neil and Pete Adams, for breaking into Taylor & Wheeler's grocery store. Dave O'Neil had been and was in the employ of the above firm as porter, and knew how to get into the house, and with out much trouble succeeded in getting into the back window. They stole some cigars, ham &c., and 20 cents in change. Marshal Lusk was sitting on the steps of Taylor and Wheeler's and noticed two men acting strangely, and thought he would keep an eye on them. He did not watch long before he saw a figure turning into Main from Jackson street, with a package, he said halt, but the men paid no attention to him. He then went to the back of T. & W.'s store and found the back door open. He then followed the two men and arrested them. They were tried before Esq. Hale, and their bond was fixed at \$250 each, failing to give the bond they were carried to the Madison county jail.

We commend to victims of chills and fever a reliable remedy, "Hughes' Tonic;" it affords quick and thorough relief. It is entirely vegetable; no unpleasant results follow its use, such as headache, dizziness, buzzing of the ears, deafness and nausea, which often follow the constant use of quinine. It is prepared by one of the oldest and largest drug houses in the west, Messrs. R. A. Robinson & Co., Louisville, Ky., from best materials, which are so combined and proportioned as will almost, beyond peradventure break up long standing and obstinate cases. Give it a trial.

"Squire N. C. Scott, Sylvania, Ohio, writes:—"I have been a great sufferer for fifteen years with Bright's disease of the kidneys. For weeks at a time was unable to get out of bed; used various internal remedies, but they gave no relief. I wrote two of Prof. Guilmette's Kidney Pads six weeks, and now I know I am entirely cured."

The most sensible remedy, and the only safe, sure and permanent cure for all diseases of the liver, blood and stomach, including bilious fevers, fever and ague, dumb ague, jaundice, dyspepsia, &c., is Prof. Guilmette's French Liver Pads, which cures by absorption.
